Anson Tebbetts, Secretary
Vermont Agency of Agriculture, Food Markets

Non-Transferable

Registration Number: 3142019114638425086

As part of registration you certified that the hemp seeds obtained for planting are of a type and variety that do not exceed the maximum concentration of tetrahydrocannabinol set forth in subdivision 562(3) of Title 6 of the Vermont Statutes Annotated.

You acknowledged that until current federal law is amended to provide otherwise that cultivation and possession of industrial hemp in Vermont is a violation of the Federal Controlled Substances Act; unless the industrial hemp is grown, cultivated, or marketed under a pilot program authorized by section 7606 of the federal Agricultural Act of 2014, Pub. L. No. 113-79; that Federal prosecution for growing hemp in violation of federal law may include criminal penalties, forfeiture of property, and loss of access to federal agricultural benefits, including agricultural loans, conservation programs, and insurance programs; and that registrants may purchase or import hemp genetics from any state that complies with federal requirements for the cultivation of industrial hemp.

You further acknowledged that a person registered with the Secretary shall allow industrial hemp crops to be inspected and tested by and at the discretion of the Secretary or designee, throughout sowing, growing season, harvest, storage, and processing. You read the registration form and understood the requirements in it and agree to hold harmless and release the state of Vermont, its officers, employees, contractors or agents from any and all claims, actions, suits, damages, judgments, attorney's fees, or prosecution of any kind, that may arise due to your cultivation of Cannabis sativa (L) conducted under authority of this state law-based registration requirement administered by the Agency of Agriculture, Food and Markets.
